# Headphones Station MASTER for STERN Spike 2
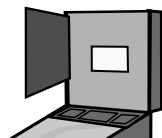

0  713091  604971

**ps-hps-master-spike2**

## ① POWER OFF

## ② OPEN BACKBOX

## ③ INSTALL THE HEADPHONES STATION MASTER

A : Install the Headphones Station MASTER on the machine's front leg with the leg screws
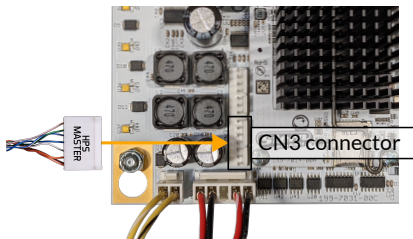

B: Attach the wiring under the cabinet

C: Run it behind then inside the backbox

*Tip : You can install the Headphones Station MASTER on the left or right machine's leg.*

## ④ CONNECT THE HPS MASTER TO THE CPU BOARD

HPS MASTER

CN3 connector

Go to :
   Settings menu / Standard Adjustements (S.P.I.).
   Setting "EXTERNAL VOLUME KNOB FUNCTION".

## 7 ) ENJOY!

You can now adjust the volume with the knob on the Headphones Station MASTER.

*Tip : When you connect your headphones,
 the pinball machine will automatically mute
the main speakers (this can be overriden).*
